1. Introduction

This FAQ answers the most frequently asked questions about the NovaDesk platform.

If your question is not answered here, contact the NovaTech Customer Support Team through the Help Center.

2. Getting Started

Q1. What is NovaDesk?

NovaDesk is a cloud-based Enterprise Service Management (ESM) platform that helps organizations manage service requests, incidents, assets, knowledge articles, and internal workflows.

Q2. How do I start using NovaDesk?

After receiving your welcome email, activate your account, create a password, and sign in using the provided company URL.

Q3. Do I need to install any software?

No. NovaDesk runs in a supported web browser. Some organizations may also provide a mobile application.

Q4. Which web browsers are supported?

NovaDesk supports the latest versions of:

- Google Chrome
- Microsoft Edge
- Mozilla Firefox
- Apple Safari

Keeping your browser updated is recommended.

Q5. Can I access NovaDesk from home?

Yes. If your organization permits remote access, you can securely access NovaDesk using your company credentials.

Q6. Is NovaDesk available 24/7?

NovaDesk is designed for high availability. Planned maintenance windows are communicated in advance.

Q7. Where can I find product documentation?

Documentation is available through the built-in Help Center and Knowledge Base.

Q8. How do I contact Customer Support?

Use the Help Center or submit a support ticket through the Support section of the application.

Q9. What should I do if I encounter an error?

Record the error message, note the steps that caused it, and report the issue through the Support portal.

Q10. How do I know if NovaDesk is experiencing an outage?

Major service disruptions are communicated through the customer status page and official support notifications.

3. Account Management

Q11. How is my account created?

Accounts are typically created by your organization's administrator or automatically through approved identity integration.

Q12. Can I create my own account?

This depends on your organization's configuration. Many organizations restrict account creation to administrators.

Q13. Can I change my email address?

If permitted by your organization, email updates can be made through your profile settings or by contacting your administrator.

Q14. How do I update my account information?

Navigate to **Profile** → **Account Settings** and update the editable fields.

Q15. Why is my account disabled?

Accounts may be disabled due to:

- Inactive employment
- Security policy
- Administrative action
- Multiple failed login attempts

Contact your administrator for assistance.

Q16. Can multiple users share one account?

No. Each user must use an individual account for security and auditing purposes.

Q17. Can I have multiple roles?

Yes. Administrators may assign multiple roles based on your responsibilities.

Q18. Who manages user permissions?

Permissions are managed by your organization's NovaDesk administrators.

Q19. How do I request additional permissions?

Submit an access request through your organization's approved process.

Q20. How can I delete my account?

Account deletion requests are handled by your organization's administrator in accordance with company policy.

4. Login & Authentication

Q21. I forgot my password. What should I do?

Select **Forgot Password** on the login page and follow the password reset instructions.

Q22. How long does a password reset link remain valid?

Password reset links expire automatically after a limited period for security purposes.

Q23. Why am I being asked for Multi-Factor Authentication (MFA)?

Your organization may require MFA to provide additional account security.

Q24. Can I disable MFA?

Only if permitted by your organization's security policy.

Q25. Why am I unable to log in?

Possible reasons include:

- Incorrect credentials
 - Expired password
 - Locked account
 - Network issues
 - Authentication service outage
-

Q26. What should I do if my account is locked?

Wait for the lockout period to expire or contact your administrator for assistance.

Q27. Does NovaDesk support Single Sign-On (SSO)?

Yes. Organizations may configure Single Sign-On using supported identity providers.

Q28. Can I stay signed in?

This depends on your organization's security configuration.

Q29. Why was I automatically signed out?

Automatic sign-out may occur because of inactivity or security session expiration.

Q30. Is my password stored securely?

Passwords are protected using secure authentication practices and are not stored in plain text.

5. Profile Management**Q31. How do I update my profile picture?**

Open **Profile Settings** and upload a supported image file.

Q32. Can I change my display name?

Display name changes depend on your organization's identity management configuration.

Q33. Can I update my phone number?

Yes, if the field is editable within your organization.

Q34. How do I change my notification preferences?

Open **Settings** → **Notifications** to manage available notification options.

Q35. Can I choose my preferred language?

Supported language options can be selected from the user preferences page if enabled.

Q36. Can I customize the dashboard?

Yes. Dashboard widgets may be rearranged according to your permissions.

Q37. Why can't I edit some profile fields?

Certain profile information is synchronized from your organization's identity provider and cannot be edited manually.

Q38. Where can I view my assigned roles?

Assigned roles are visible within your account information if permitted by your organization.

Q39. Can I change my time zone?

Yes. Time zone settings can be updated from your user preferences.

Q40. Will profile updates take effect immediately?

Most profile changes are applied immediately, while some administrator-managed changes may require synchronization.

6. Subscription Basics

Q41. What subscription plans are available?

Available subscription plans depend on your organization's agreement with NovaTech.

Q42. Can I upgrade my subscription?

Subscription changes are managed by your organization's account administrator.

Q43. What happens if my subscription expires?

Access may become restricted until the subscription is renewed.

Q44. Are software updates included?

Yes. Product updates are provided according to your subscription agreement.

Q45. Is technical support included?

Support options depend on your organization's subscribed support plan.

Q46. Can I purchase additional licenses?

Yes. Contact your organization's account administrator or NovaTech Sales representative.

Q47. Can subscriptions be modified during the contract period?

Subscription modifications depend on contractual terms.

Q48. How do I know which plan my organization uses?

Your administrator or account manager can provide subscription information.

Q49. Are free trials available?

NovaTech may provide evaluation environments for eligible organizations.

Q50. Does NovaDesk support enterprise deployments?

Yes. NovaDesk supports deployments for organizations of various sizes, including enterprise environments.

7. Navigation

Q51. Where is the main navigation menu?

The navigation menu appears on the left side of the application in the default layout.

Q52. How do I search for information?

Use the global search bar located at the top of the application.

Q53. Can I bookmark frequently used pages?

Yes. Frequently used pages may be added to your favorites if enabled.

Q54. How do I return to the dashboard?

Select the **Dashboard** option from the navigation menu.

Q55. Where are my notifications?

Notifications are available from the notification icon in the application header.

Q56. Can I access recently viewed records?

Yes. Recently viewed items are available from the Recent Activity section where enabled.

Q57. How do I log out?

Select your profile menu and choose **Sign Out**.

Q58. Can I use keyboard shortcuts?

Selected pages support keyboard shortcuts. Refer to the Help Center for details.

Q59. Why does the interface look different from another user's?

Available menus and features depend on assigned roles and permissions.

Q60. Does NovaDesk support dark mode?

Availability depends on the version deployed by your organization and administrative configuration.

8. Ticket Management

Q61. How do I create a support ticket?

Navigate to **Tickets** → **Create Ticket**, complete the required fields, and submit the request.

Q62. What information should I include in a ticket?

Provide:

- Issue summary
 - Detailed description
 - Steps to reproduce
 - Screenshots (if applicable)
 - Error messages
 - Business impact
-

Q63. How can I track my ticket?

Open **My Tickets** to view the current status and history.

Q64. Can I update a submitted ticket?

Yes. You can add comments or attachments while the ticket remains open.

Q65. How do I close a ticket?

If the issue has been resolved, select **Close Ticket** or confirm the resolution when prompted.

Q66. What do ticket statuses mean?

Typical statuses include:

- New
- Assigned
- In Progress
- Pending Customer
- Resolved

- Closed

Q67. Can I reopen a resolved ticket?

Yes, if the issue persists and the ticket has not been permanently closed.

Q68. How are ticket priorities determined?

Priorities are based on business impact, urgency, and service level agreements (SLAs).

Q69. Can I attach files to a ticket?

Yes. Supported file types and size limits depend on your organization's configuration.

Q70. Who is assigned to my ticket?

Tickets are assigned automatically or manually based on routing rules configured by your administrator.

9. Knowledge Base**Q71. What is the Knowledge Base?**

The Knowledge Base contains articles, guides, FAQs, and troubleshooting information.

Q72. How do I search the Knowledge Base?

Use the global search bar or browse articles by category.

Q73. Can I suggest improvements to an article?

Yes. Many organizations enable article feedback or suggestion options.

Q74. Why can't I access certain articles?

Access depends on your assigned permissions and organizational policies.

Q75. Can I print Knowledge Base articles?

Yes. Most articles include a print-friendly view.

Q76. How do I report outdated documentation?

Use the article feedback option or contact Customer Support.

Q77. Are Knowledge Base articles versioned?

Yes. Updated articles maintain revision history where enabled.

Q78. Can I bookmark articles?

Yes. Frequently used articles can be added to your favorites.

Q79. Are articles available offline?

Offline availability depends on your organization's configuration.

Q80. Who creates Knowledge Base content?

Articles are maintained by subject matter experts, support engineers, and documentation teams.

10. Asset Management**Q81. What is Asset Management?**

Asset Management tracks hardware, software, licenses, and related organizational resources.

Q82. Can I view assets assigned to me?

Yes. Assigned assets are available in the **My Assets** section.

Q83. How do I report a damaged asset?

Submit an Asset Support request through the Service Catalog.

Q84. Can I request new equipment?

Yes. Equipment requests are submitted through the approved service request process.

Q85. Why is an asset marked as unavailable?

The asset may be under maintenance, reserved, retired, or assigned to another user.

Q86. Can I transfer an asset to another employee?

Asset transfers require administrator approval.

Q87. How are software licenses managed?

Licenses are tracked centrally by your organization's administrators.

Q88. What should I do if asset information is incorrect?

Report the discrepancy through the Asset Management team.

Q89. Can I view asset maintenance history?

Maintenance history is available if enabled by your organization.

Q90. What happens when an asset is retired?

Retired assets are removed from active inventory and processed according to organizational policy.

11. Notifications**Q91. How will I receive notifications?**

Notifications may be delivered through:

- Email
 - In-app alerts
 - Mobile notifications (if supported)
-

Q92. Can I customize notifications?

Yes. Notification preferences can be configured from **Settings** → **Notifications**.

Q93. Why am I not receiving emails?

Check:

- Spam folder
- Notification settings

- Email address
 - Organization email policies
-

Q94. Can I disable specific notifications?

Yes, depending on administrator-configured options.

Q95. What events generate notifications?

Examples include:

- Ticket updates
 - Approval requests
 - Asset assignments
 - Workflow tasks
 - Knowledge article updates
-

12. Reports & Dashboards

Q96. Can I generate reports?

Yes. Users with appropriate permissions can create reports.

Q97. Can reports be exported?

Supported export formats may include:

- PDF
 - Excel
 - CSV
-

Q98. Why can't I access certain reports?

Access depends on your assigned permissions.

Q99. Can dashboards be customized?

Yes. Dashboard customization depends on user permissions.

Q100. Are reports generated in real time?

Many reports use current data, while some scheduled reports refresh periodically.

13. Integrations

Q101. Does NovaDesk integrate with Microsoft Teams?

Yes, if enabled by your organization.

Q102. Can NovaDesk integrate with email?

Yes. Email integration supports ticket creation and notifications.

Q103. Does NovaDesk provide REST APIs?

Yes. Administrators and developers can use supported REST APIs.

Q104. Can third-party applications be integrated?

Yes. Integration capabilities depend on available APIs and organizational configuration.

Q105. Who manages integrations?

System administrators manage integrations and related credentials.

14. Mobile Access

Q106. Can I use NovaDesk on my mobile phone?

Yes, if your organization enables mobile access.

Q107. Are all desktop features available on mobile?

Some advanced administrative features may be limited.

Q108. Does mobile access require VPN?

This depends on your organization's security policy.

Q109. Can I receive mobile notifications?

Yes, if push notifications are enabled.

Q110. What should I do if the mobile app crashes?

Restart the application, verify connectivity, and contact Customer Support if the issue persists.

15. Performance & Troubleshooting

Q111. Why is NovaDesk loading slowly?

Possible causes include:

- Slow internet connection
 - Browser issues
 - Large datasets
 - Temporary service degradation
-

Q112. What should I do if a page does not load?

Refresh the page, clear browser cache, or try another supported browser.

Q113. Why am I seeing an unexpected error?

Record the error details and submit a support ticket.

Q114. How do I clear browser cache?

Refer to your browser's help documentation for cache-clearing instructions.

Q115. What should I do if an attachment fails to upload?

Verify:

- File size
 - File type
 - Internet connectivity
 - Available storage limits
-

Q116. Can browser extensions affect NovaDesk?

Yes. Some extensions may interfere with application functionality.

Q117. Why are updates not appearing?

Refresh the page or verify that the latest deployment has completed.

Q118. What if my session expires unexpectedly?

Sign in again. Frequent session expiration may indicate organizational security settings.

Q119. How do I report a software bug?

Submit a support ticket including screenshots, error messages, and reproduction steps.

Q120. Where can I find additional help?

Visit the Help Center, Knowledge Base, or contact NovaTech Customer Support.

16. Billing & Subscription

Q121. How do I renew my subscription?

Contact your organization's account administrator or NovaTech Account Manager before the subscription expiry date.

Q122. Can licenses be added after purchase?

Yes. Additional user licenses may be purchased according to your subscription agreement.

Q123. What payment methods are accepted?

Accepted payment methods are specified in your commercial agreement with NovaTech.

Q124. Where can I view billing information?

Authorized administrators can access billing information through the customer portal or account manager.

Q125. What happens if payment is delayed?

Continued delayed payment may result in service restrictions according to the subscription agreement.

Q126. Can subscription plans be upgraded?

Yes. Plan upgrades are coordinated through NovaTech Sales or your account manager.

Q127. Can subscriptions be downgraded?

Downgrades are subject to contractual terms and renewal conditions.

Q128. Are invoices available electronically?

Yes. Electronic invoices are provided for eligible customer accounts.

Q129. How do I update billing contact information?

Billing contacts can be updated by authorized administrators.

Q130. Who should I contact for billing questions?

Contact your NovaTech Account Manager or Customer Success representative.

17. Security & Privacy

Q131. Is my organization's data secure?

NovaDesk uses multiple security controls including encryption, authentication, monitoring, and access control to protect customer information.

Q132. Is customer data encrypted?

Yes. Data is encrypted during transmission and protected using approved security standards.

Q133. Who can access my data?

Access is restricted according to your organization's assigned permissions and administrative policies.

Q134. Does NovaDesk support Multi-Factor Authentication (MFA)?

Yes. MFA is supported and may be required by your organization.

Q135. How are passwords protected?

Passwords are handled using secure authentication practices and are never stored in plain text.

Q136. Can administrators view all customer information?

Administrator permissions depend on organizational configuration and assigned roles.

Q137. How should I report a suspected security issue?

Immediately report the issue through Customer Support or your organization's security contact.

Q138. How is personal information handled?

Personal information is processed according to applicable privacy regulations and organizational agreements.

Q139. Does NovaDesk maintain audit logs?

Yes. Audit logging records important administrative and security-related activities.

Q140. How can I improve my account security?

Recommended practices include:

- Use a strong password.
 - Enable MFA.
 - Avoid sharing credentials.
 - Sign out from shared devices.
 - Report suspicious activity promptly.
-

18. Backup & Recovery

Q141. Is customer data backed up?

Yes. Customer environments follow established backup procedures.

Q142. How often are backups performed?

Backup schedules depend on the service agreement and deployment model.

Q143. Can deleted information be recovered?

Recovery depends on retention policies and the specific circumstances of the deletion.

Q144. How long are backups retained?

Retention periods are determined by organizational policy and contractual agreements.

Q145. Can customers request data restoration?

Authorized customer representatives may submit restoration requests through Customer Support.

Q146. Is backup data encrypted?

Yes. Backup data is encrypted according to NovaTech security standards.

Q147. What should I do if I accidentally delete important information?

Contact Customer Support immediately and provide details about the affected records.

Q148. Does backup affect application performance?

Backup operations are designed to minimize customer impact.

Q149. Are backups stored in multiple locations?

Production backup strategies include redundant storage to improve resilience.

Q150. Can I perform my own backups?

Available backup capabilities depend on your deployment model and administrative permissions.

19. API & Developer Questions

Q151. Does NovaDesk provide REST APIs?

Yes. Supported REST APIs are documented in the API Documentation.

Q152. How do I authenticate API requests?

Authentication methods depend on your organization's API configuration.

Q153. Where can developers find API documentation?

The complete API documentation is available through the Developer Portal.

Q154. Are API rate limits enforced?

Yes. API usage may be subject to rate limiting.

Q155. Can I generate API credentials?

Authorized administrators may create API credentials according to organizational policy.

Q156. Are API responses returned in JSON?

Yes. REST API responses are primarily provided in JSON format.

Q157. Does NovaDesk support webhooks?

Webhook support depends on the deployed product version and enabled integrations.

Q158. Can API activity be audited?

Yes. API requests are recorded according to system auditing policies.

Q159. How should API errors be reported?

Provide endpoint details, timestamps, request information, and error messages when contacting Customer Support.

Q160. Where can I find code examples?

Sample requests and integration examples are available in the Developer Guide.

20. Customer Support

Q161. What support channels are available?

Support may be available through:

- Customer Portal
 - Email
 - Telephone
 - Live Chat (where applicable)
-

Q162. What information should I include in a support request?

Include:

- Problem description
 - Error message
 - Screenshots
 - Steps to reproduce
 - Business impact
-

Q163. How are support requests prioritized?

Requests are prioritized according to urgency, business impact, and applicable Service Level Agreements (SLAs).

Q164. Can I view previous support requests?

Yes. Previous requests are available through the Customer Portal.

Q165. What are support business hours?

Support availability depends on your subscribed support plan.

Q166. How do I escalate a support request?

Contact Customer Support and reference the existing ticket number.

Q167. Will I receive updates on my ticket?

Yes. Notifications are sent when significant status changes occur.

Q168. Can I reopen a closed support request?

Closed requests may be reopened according to organizational policy and support procedures.

Q169. What happens after my issue is resolved?

The support engineer confirms the resolution before closing the request.

Q170. How can I provide feedback about Customer Support?

Feedback surveys may be available after support requests are completed.

21. General Questions**Q171. How frequently is NovaDesk updated?**

Major, minor, maintenance, and hotfix releases are delivered according to the product release schedule.

Q172. Will updates interrupt my work?

Most updates occur during planned maintenance windows.

Q173. Where can I view release notes?

Release notes are available through the customer documentation portal.

Q174. Does NovaDesk support multiple languages?

Language support depends on the deployed product version.

Q175. Can I customize NovaDesk?

Many interface and workflow elements can be customized according to administrative permissions.

Q176. How do I learn about new features?

New functionality is announced through release notes, newsletters, and customer communications.

Q177. Can NovaDesk scale as my organization grows?

Yes. NovaDesk is designed to support organizations ranging from small teams to large enterprises.

Q178. Where can I request new features?

Feature requests can be submitted through Customer Support or your Account Manager.

Q179. Who owns the data stored in NovaDesk?

Customer data remains the property of the customer according to the applicable service agreement.

Q180. Where can I find additional help?

Visit the Help Center, Knowledge Base, Developer Portal, or contact NovaTech Customer Support for further assistance.
