1. Purpose

NovaTech Solutions Pvt. Ltd. recognizes that flexible work arrangements improve employee satisfaction while maintaining business productivity.

This policy establishes the requirements, responsibilities, security standards, and operational guidelines for employees approved to work remotely.

The Work From Home (WFH) program is intended to support business continuity while ensuring that employees remain productive, collaborative, and compliant with company security policies.

2. Scope

This policy applies to:

- Full-time employees
- Confirmed employees
- Hybrid employees
- Remote employees approved by Human Resources

The policy does not apply to:

- Interns
- Temporary workers
- Contractors
- Third-party consultants unless explicitly approved in writing

Individual departments may introduce additional requirements based on operational needs.

3. Eligibility

Work From Home eligibility depends on:

- Job responsibilities
- Business requirements
- Employee performance
- Manager approval
- Departmental workload

Employees become eligible after successfully completing their probation period unless an exception is approved by Human Resources.

Certain positions requiring physical presence, such as Facilities Management or Office Administration, are generally not eligible for regular remote work.

4. Work From Home Schedule

NovaTech follows a **hybrid work model**.

Standard Schedule

Employee Category	Office Days	Remote Days
Engineering	2	3
Product Management	3	2
Human Resources	3	2
Finance	4	1
Customer Support	As assigned	As approved

Managers may temporarily modify schedules based on project requirements or business continuity needs.

Employees must obtain prior approval before changing their assigned work location.

5. Working Hours

Remote employees are expected to maintain the same professional standards as office-based employees.

Standard Working Hours

Day	Time
-----	------

Monday–Friday	9:30 AM – 6:30 PM
---------------	-------------------

Employees must:

- Be available during core collaboration hours from **10:00 AM to 4:00 PM**.
- Attend scheduled meetings on time.
- Update their availability status on the approved collaboration platform.
- Respond to work-related communications within a reasonable timeframe during business hours.

Working from home does not change contractual working hours.

6. Communication Requirements

Employees working remotely must remain accessible throughout the workday.

Approved communication platforms include:

- Microsoft Teams
- Company Email
- Jira

- Confluence

Employees should:

- Check email regularly.
- Respond promptly to manager requests.
- Join video meetings with a working microphone and camera unless otherwise agreed.
- Notify their manager when unavailable during working hours.

Managers should conduct regular one-on-one meetings with remote team members.

7. Home Workspace Standards

Employees are responsible for maintaining a suitable work environment.

The workspace should:

- Be quiet and free from excessive distractions.
- Have adequate lighting and ventilation.
- Include an ergonomic chair and desk whenever possible.
- Ensure confidential information cannot be viewed by unauthorized individuals.

Employees should avoid working from public places when handling confidential company information.

8. Information Security Requirements

Information security remains the highest priority while working remotely.

Employees must:

- Use only company-issued laptops.
- Connect to company resources through the approved Virtual Private Network (VPN).
- Enable Multi-Factor Authentication (MFA) for all business systems.
- Lock their devices whenever unattended.
- Keep operating systems and security software up to date.
- Store company files only in approved cloud storage systems.

Employees must not:

- Share company devices with family members or friends.
- Download confidential company information onto personal devices.
- Use public Wi-Fi networks without connecting through the company VPN.

- Disable antivirus or endpoint protection software.

Any suspected phishing attempt, malware infection, or unauthorized access must be reported to the Information Security Team immediately.

9. Company Equipment

Eligible employees receive the following standard equipment:

- Laptop
- Laptop charger
- Docking station
- External monitor
- Keyboard
- Mouse

Additional equipment requires manager approval.

Employees remain responsible for protecting company assets and returning them upon separation from employment.

Loss or damage should be reported within **24 hours**.

10. Internet and Power Requirements

Employees are expected to maintain reliable internet connectivity.

Minimum recommended internet speed:

Activity	Minimum Speed
----------	---------------

Email and Collaboration	20 Mbps
-------------------------	---------

Video Meetings	50 Mbps
----------------	---------

Software Development	100 Mbps
----------------------	----------

Employees should have a backup internet option whenever practical.

Where feasible, employees are encouraged to maintain an Uninterruptible Power Supply (UPS) to minimize disruptions during power outages.

If a prolonged outage affects work, employees must inform their manager as soon as possible.

11. Performance Expectations

Working remotely does not alter performance expectations.

Employees are expected to:

- Meet project deadlines.
- Deliver agreed objectives.
- Maintain code quality and documentation standards.
- Participate actively in team meetings.
- Update work items in Jira daily where applicable.

Managers evaluate employees based on outcomes rather than physical presence.

12. Health and Safety

Employees should take reasonable steps to maintain a healthy work environment.

Recommendations include:

- Taking short breaks every hour.
- Maintaining correct posture.
- Using ergonomic furniture where possible.
- Avoiding excessive overtime.
- Reporting work-related injuries occurring during official working hours while working from home.

Employees are encouraged to use available wellness resources provided by the company.

13. Expense Reimbursement

NovaTech provides limited reimbursement for approved remote work expenses.

Eligible reimbursements include:

Expense	Annual Limit
Internet Allowance	₹18,000
Ergonomic Accessories	₹10,000
UPS Purchase	₹8,000
Monitor Upgrade	₹15,000

All reimbursement requests require:

- Original invoices.
- Manager approval.

- Submission through the Employee Self-Service (ESS) Portal within **30 days** of purchase.

Personal utility bills, furniture, and home renovations are not reimbursable unless specifically approved by Human Resources.

14. Policy Violations

Failure to comply with this policy may result in disciplinary action.

Examples include:

- Repeated unavailability during working hours without valid reason.
- Unauthorized use of personal devices for confidential company work.
- Sharing VPN credentials or passwords.
- Failure to report security incidents.
- Working from unauthorized international locations without prior approval.
- Misrepresentation of attendance or working hours.

Depending on the severity of the violation, disciplinary action may include:

- Written warning.
 - Temporary suspension of Work From Home privileges.
 - Formal performance review.
 - Termination of employment in cases involving serious misconduct or security breaches.
-

15. Frequently Asked Questions

Q1. Who can work from home?

Confirmed full-time employees whose roles are approved for remote or hybrid work may participate in the Work From Home program, subject to manager approval.

Q2. Can I work from another city?

Yes, provided your manager approves the arrangement and it complies with business, legal, tax, and information security requirements.

Q3. Can I use my personal laptop?

No.

Only company-issued devices may be used to access confidential company systems and information unless an exception is approved by the Information Security Team.

Q4. Is VPN mandatory?

Yes.

Employees must connect to company systems through the approved VPN whenever accessing internal resources remotely.

Q5. What should I do if my internet connection fails?

Inform your reporting manager immediately. If possible, switch to a backup internet connection or temporarily work from the nearest NovaTech office.

Q6. Does the company reimburse internet expenses?

Yes.

Eligible employees may claim an annual internet reimbursement of up to **₹18,000**, subject to policy limits and approval.
