1. Introduction

The Employee Onboarding Process defines the standard procedures for integrating newly hired employees into NovaTech Solutions Pvt. Ltd.

A structured onboarding process helps employees become productive quickly while ensuring compliance with organizational policies, security requirements, and legal obligations.

This document applies to:

- Full-time employees
- Probationary employees
- Contract employees (where applicable)
- Graduate trainees
- Interns (selected sections)

Department-specific onboarding activities may supplement this process.

2. Purpose

The onboarding process aims to:

- Welcome new employees.
- Complete employment formalities.
- Verify employment documentation.
- Provision company systems and equipment.
- Introduce organizational policies.
- Complete mandatory compliance training.
- Enable productive contribution within the shortest practical timeframe.

Successful onboarding requires coordination between Human Resources, Information Technology, Facilities, Hiring Managers, and the employee.

3. Scope

This document covers onboarding activities from offer acceptance through completion of the employee's first working day.

Later onboarding activities, including probation reviews and performance milestones, are covered in subsequent sections of this guide.

The process includes:

- Offer acceptance
- Background verification
- Documentation
- System provisioning

- Workplace preparation
 - Orientation
 - Initial training
-

4. Roles and Responsibilities

Successful onboarding requires collaboration across multiple teams.

Human Resources

HR is responsible for:

- Issuing the offer letter.
 - Coordinating joining formalities.
 - Verifying employment documents.
 - Creating the employee record.
 - Explaining company policies.
 - Scheduling orientation sessions.
 - Enrolling employees in mandatory benefits.
-

Hiring Manager

The Hiring Manager is responsible for:

- Preparing the onboarding plan.
 - Defining initial work objectives.
 - Introducing the team.
 - Assigning a mentor or buddy.
 - Reviewing role expectations.
 - Conducting regular check-ins.
-

Information Technology

The IT Department is responsible for:

- Creating user accounts.
- Provisioning email access.

- Configuring laptop or desktop systems.
 - Providing software licenses.
 - Enabling VPN access (where required).
 - Verifying Multi-Factor Authentication (MFA).
-

Facilities Team

Facilities personnel prepare:

- Workspace allocation.
 - Building access card.
 - Parking access (where applicable).
 - Office equipment.
 - Employee identification badge.
-

Employee

The employee is expected to:

- Submit required documents.
 - Complete employment forms.
 - Attend onboarding sessions.
 - Complete mandatory training.
 - Follow company policies.
 - Report any onboarding issues promptly.
-

5. Pre-Joining Activities

The pre-joining process begins after the candidate accepts the employment offer.

Offer Acceptance

The candidate must formally accept the employment offer before the onboarding process begins.

Acceptance includes:

- Signed offer letter
- Agreed joining date

- Confirmation of employment terms
-

Background Verification

Background verification may include:

- Identity verification
- Educational qualification verification
- Previous employment verification
- Professional reference checks
- Criminal background verification (where permitted by law)

Employment remains conditional until mandatory verification activities are completed successfully.

Employee Record Creation

Human Resources creates an employee profile within the Human Resources Information System (HRIS).

Information recorded includes:

- Employee ID
 - Full name
 - Department
 - Designation
 - Reporting manager
 - Work location
 - Employment type
 - Joining date
-

IT Account Provisioning

Prior to the joining date, IT prepares:

- Corporate email account
- Network account
- Collaboration platform access
- VPN account (if required)

- Identity management profile
- Multi-Factor Authentication enrollment

Application-specific access is granted according to the employee's role.

Workspace Preparation

Facilities should ensure the assigned workspace is ready before the employee's first working day.

Preparation includes:

- Desk assignment
- Chair
- Monitor
- Keyboard
- Mouse
- Docking station (where applicable)
- Network connectivity

Remote employees receive equipment through the approved logistics process.

Welcome Communication

HR sends a welcome email before the joining date.

The message includes:

- Reporting time
- Office address
- Dress code guidance
- Required documents
- Point of contact
- Orientation schedule

Employees should acknowledge receipt of the welcome communication.

6. Day 1 Onboarding

The first working day introduces employees to the organization and establishes the foundation for future success.

Reporting

Employees should report at the scheduled time specified in their joining instructions.

Upon arrival, HR verifies identity and confirms attendance.

Welcome Session

The welcome session typically includes:

- Introduction to NovaTech
 - Company history
 - Mission and values
 - Organizational structure
 - Business units
 - Employee benefits overview
-

HR Orientation

Topics covered include:

- Employment policies
- Attendance procedures
- Leave policy
- Work From Home policy
- Code of Conduct
- Information Security requirements
- Performance management overview

Employees are encouraged to ask questions throughout the orientation.

IT Setup

The IT onboarding session includes:

- Laptop handover
- Password setup
- MFA enrollment

- Email verification
- VPN configuration (if applicable)
- Software installation
- Collaboration tool access

Employees should change temporary passwords immediately after first login.

Team Introduction

The Hiring Manager introduces the employee to:

- Team members
- Department leadership
- Cross-functional stakeholders
- Assigned mentor or onboarding buddy

The team introduction helps new employees understand reporting relationships and communication channels.

Initial Workspace Verification

Employees should verify:

- Laptop functionality
- Network connectivity
- Email access
- Collaboration tools
- Printer access (if required)
- Building access card
- Employee identification badge

Issues should be reported immediately to the IT Service Desk or Facilities Team.

7. Required Documents

Employees must provide the following documentation during onboarding.

Identity Documents

Accepted documents include:

- Government-issued photo identification
 - Passport (where applicable)
 - National Identity Card
 - Driving License (where accepted)
-

Address Proof

Examples include:

- Utility bill
 - Bank statement
 - Government-issued address document
-

Educational Documents

Employees should provide:

- Degree certificates
 - Academic transcripts
 - Professional certifications (where applicable)
-

Employment Documents

Where applicable:

- Relieving letter
 - Experience certificates
 - Previous employment records
-

Banking Information

Employees should submit:

- Bank account details
 - Cancelled cheque or equivalent banking proof
 - Tax identification details (where required)
-

Tax and Statutory Forms

Employees must complete:

- Tax declaration forms
- Statutory employment forms
- Benefit enrollment forms
- Emergency contact information

Failure to submit mandatory documentation may delay payroll processing or system access.

Revision History

Version	Date	Description
1.0	January 2024	Initial Employee Onboarding Process
1.5	July 2025	Added Remote Employee Preparation
2.0	January 2026	Updated Roles, Day 1 Activities, and Documentation Requirements

8. Human Resources Orientation

The Human Resources orientation introduces new employees to company policies, benefits, workplace expectations, and organizational culture.

Orientation should be completed within the employee's first working day.

Orientation Topics

The HR team covers:

- Company overview
- Mission, Vision, and Values
- Organizational structure
- Employee Handbook
- Attendance Policy
- Leave Policy
- Work From Home Policy
- Code of Conduct
- Anti-Harassment Policy
- Information Security Policy

- Compensation and benefits overview

Employees receive digital copies of all mandatory HR policies.

Benefits Enrollment

Employees are enrolled in applicable benefit programs, which may include:

- Health insurance
- Life insurance
- Provident Fund
- Gratuity
- Employee Assistance Program (EAP)
- Wellness initiatives

Enrollment deadlines are communicated during orientation.

9. Information Technology Onboarding

The Information Technology team ensures employees receive the systems, software, and credentials necessary to perform their duties.

Hardware Provisioning

Employees are issued equipment based on role requirements.

Typical equipment includes:

- Laptop or desktop computer
- Monitor
- Keyboard
- Mouse
- Docking station
- Headset
- Webcam (where applicable)

Employees are responsible for safeguarding all company-issued equipment.

Software Provisioning

The following software is commonly installed:

- Operating system updates
- Productivity suite
- Corporate email client
- Collaboration tools
- VPN client
- Endpoint security software
- Approved web browsers

Additional applications are installed according to departmental requirements.

Account Verification

Employees should verify access to:

- Corporate email
- HR Information System (HRIS)
- Ticketing platform
- Collaboration platform
- Knowledge Base
- Internal documentation portal

Access issues should be reported immediately to the IT Service Desk.

10. Information Security Awareness

Every employee must complete mandatory information security awareness training.

Training should be completed within the first **five business days**.

Security Topics

Training includes:

- Password management
- Multi-Factor Authentication (MFA)
- Phishing awareness
- Social engineering
- Data classification

- Secure remote work
- Device security
- Incident reporting

Completion is recorded within the Learning Management System (LMS).

Acceptable Use

Employees are expected to:

- Use company systems responsibly.
- Protect confidential information.
- Lock workstations when unattended.
- Report suspicious activity immediately.
- Follow password requirements.

Unauthorized software installation is prohibited.

11. Department Onboarding

Following corporate orientation, employees participate in department-specific onboarding.

Department Introduction

Managers introduce:

- Department objectives
- Team structure
- Current projects
- Key stakeholders
- Communication channels

Employees receive an overview of how their role contributes to organizational goals.

Role Expectations

Managers review:

- Primary responsibilities
- Performance expectations

- Working hours
- Communication practices
- Escalation procedures
- Success criteria

Employees are encouraged to clarify responsibilities early.

Knowledge Transfer

Department onboarding includes:

- Product demonstrations
- System walkthroughs
- Process documentation
- Standard operating procedures
- Internal tools
- Frequently used resources

Reference materials are available through the company Knowledge Base.

12. Manager Responsibilities

The Hiring Manager plays a critical role in ensuring successful onboarding.

Initial Planning

Before the employee joins, the manager should:

- Prepare the onboarding schedule.
 - Define initial assignments.
 - Arrange team introductions.
 - Assign an onboarding buddy.
 - Ensure required system access has been requested.
-

Regular Check-ins

Managers should conduct structured meetings:

Timeline	Purpose
-----------------	----------------

Day 1 Welcome and expectations

End of Week 1 Initial feedback

End of Week 2 Progress review

End of Month 1 Goal assessment

Additional meetings may be scheduled as needed.

Mentoring

Each new employee should be assigned an onboarding buddy or mentor.

The mentor assists with:

- Team processes
- Internal tools
- Organizational culture
- Day-to-day questions
- Knowledge sharing

The mentoring relationship typically continues through the probation period.

13. Mandatory Training

The following training modules are mandatory for all new employees.

Training	Completion Target
Information Security Awareness	5 Business Days
Code of Conduct	5 Business Days
Data Privacy	10 Business Days
Workplace Safety	10 Business Days
Anti-Harassment	10 Business Days

Department-specific training may also be required.

Training completion is tracked by HR.

14. First Week Plan

The first week focuses on familiarization and foundational learning.

Objectives

Employees should:

- Meet team members.
- Complete mandatory training.
- Verify system access.
- Understand team workflows.
- Review department documentation.
- Begin observing business processes.

Managers should avoid assigning high-risk production responsibilities during the first week.

Deliverables

By the end of Week 1, employees should have:

- Completed HR orientation.
 - Completed IT setup.
 - Finished mandatory compliance training.
 - Access to required applications.
 - Initial understanding of team responsibilities.
 - Met assigned mentor.
-

15. First Month Plan

The first month emphasizes gradual productivity and role integration.

Learning Objectives

Employees should become familiar with:

- Internal systems
- Business processes
- Team standards
- Product knowledge
- Customer workflows

- Internal documentation
-

Work Expectations

Employees should begin contributing to:

- Assigned projects
- Team meetings
- Documentation updates
- Process improvement discussions

Managers provide regular coaching and constructive feedback.

Progress Review

At the end of the first month, the manager evaluates:

- Training completion
- System proficiency
- Communication effectiveness
- Collaboration
- Task completion
- Overall onboarding progress

Development goals for the following month are documented.

16. Communication Guidelines

New employees should use approved communication channels.

Primary platforms include:

- Corporate email
- Microsoft Teams
- Internal Knowledge Base
- Ticketing system

Important business decisions should be documented through official channels rather than informal messaging.

17. Onboarding Success Indicators

An onboarding program is considered successful when the employee has:

- Completed mandatory documentation.
- Finished required training.
- Received all required equipment.
- Verified application access.
- Understood role expectations.
- Established working relationships with the team.
- Begun contributing to assigned responsibilities.

Managers and HR jointly monitor onboarding completion.

18. Probation Process

Most newly hired employees complete a probation period before confirmation of regular employment.

The standard probation period is:

Six months

The probation period may be extended when additional evaluation is required, subject to approval by Human Resources and the employee's manager.

Objectives

The probation period evaluates:

- Technical competency
- Learning ability
- Attendance
- Professional conduct
- Communication skills
- Team collaboration
- Productivity
- Policy compliance

Employees receive regular coaching throughout this period.

Employee Responsibilities

During probation, employees are expected to:

- Complete assigned training.
 - Demonstrate role-specific competencies.
 - Follow company policies.
 - Meet agreed performance goals.
 - Participate in review meetings.
 - Seek clarification whenever necessary.
-

19. Performance Review Schedule

Managers conduct structured reviews throughout the onboarding period.

30-Day Review

The first review focuses on initial adjustment.

Discussion topics include:

- Orientation completion
- System access
- Training completion
- Team integration
- Initial assignments
- Questions or concerns

Feedback should be constructive and documented.

60-Day Review

The second review evaluates developing competence.

Assessment areas include:

- Technical skills
- Quality of work
- Communication
- Collaboration
- Problem-solving

- Time management

Managers identify additional learning opportunities where required.

90-Day Review

The third review measures readiness for greater responsibility.

Evaluation includes:

- Independent task execution
- Productivity
- Business knowledge
- Customer focus (where applicable)
- Process compliance
- Overall performance

Employees and managers jointly define objectives for the remaining probation period.

20. Performance Improvement

If performance concerns arise during onboarding, managers should provide structured support before considering further action.

Improvement Plan

A Performance Improvement Plan (PIP) may include:

- Clearly defined expectations
- Measurable objectives
- Additional training
- Mentoring sessions
- Regular progress meetings
- Target completion dates

The purpose of the improvement plan is to help the employee succeed.

Additional Support

Support may include:

- Technical coaching

- Job shadowing
- Process walkthroughs
- Product training
- Knowledge Base resources
- Increased manager interaction

Progress is reviewed throughout the improvement period.

21. Employment Confirmation

Near the end of probation, the Hiring Manager and Human Resources evaluate the employee's overall performance.

Confirmation Criteria

Factors considered include:

- Achievement of performance goals
- Technical competency
- Attendance
- Compliance with company policies
- Collaboration
- Professional behavior
- Completion of mandatory training

Confirmation decisions should be documented.

Possible Outcomes

Following review, one of the following actions may be taken:

Outcome	Description
Confirm Employment	Employee successfully completes probation
Extend Probation	Additional evaluation period required
End Employment	Employment concluded in accordance with company policy and applicable law

Employees are informed of the decision through official HR communication.

22. Onboarding Completion Checklist

Before onboarding is considered complete, the following activities should be verified.

Human Resources

- Employment documentation verified.
 - Benefits enrollment completed.
 - Mandatory policies acknowledged.
 - Employee record finalized.
-

Information Technology

- User accounts active.
 - MFA enabled.
 - Required software installed.
 - Equipment issued.
 - Access permissions verified.
-

Hiring Manager

- Team introduction completed.
 - Mentor assigned.
 - Initial goals established.
 - First project assigned.
 - Performance expectations reviewed.
-

Employee

- Mandatory training completed.
- Required documentation submitted.
- Corporate systems verified.
- Department orientation completed.
- Questions addressed.

The onboarding checklist is stored within the HR Information System (HRIS).

23. Common Onboarding Issues

The following table outlines common onboarding challenges and recommended resolutions.

Issue	Possible Cause	Recommended Resolution
Delayed system access	Account provisioning incomplete	Contact the IT Service Desk
Missing equipment	Logistics delay	Coordinate with the Facilities Team
Incomplete documentation	Required documents not submitted	Submit pending documentation to HR
Mandatory training overdue	Training not completed	Complete assigned Learning Management System (LMS) courses
Role expectations unclear	Insufficient manager communication	Schedule a clarification meeting with the Hiring Manager
Payroll delay	Banking or tax information incomplete	Verify information with Human Resources

Managers should escalate unresolved onboarding issues promptly.

24. Employee Feedback

Employee feedback helps improve the onboarding process.

Feedback Collection

New employees are invited to complete an onboarding survey covering:

- HR orientation
- IT setup
- Training quality
- Manager support
- Team integration
- Documentation
- Overall onboarding experience

Survey results are reviewed quarterly by HR Operations.

Continuous Improvement

Human Resources uses onboarding metrics to improve:

- Documentation
- Orientation programs
- Training materials
- System provisioning
- Employee experience

Process improvements are reviewed during the annual HR policy review.

25. Record Management

Onboarding records are maintained within the Human Resources Information System.

Records include:

- Offer acceptance
- Employment documentation
- Background verification status
- Training completion
- Equipment allocation
- Performance review records
- Confirmation decision

Access is restricted to authorized personnel.

Record Retention

Onboarding records are retained according to the organization's document retention policy and applicable legal requirements.

Secure disposal procedures apply when retention periods expire.

26. Frequently Asked Questions

Q1. How long is the standard probation period?

The standard probation period is **six months**.

Q2. When are onboarding performance reviews conducted?

Managers conduct structured reviews at approximately **30, 60, and 90 days**.

Q3. Who confirms successful completion of probation?

The Hiring Manager and Human Resources jointly evaluate probation outcomes and communicate the decision.

Q4. What happens if mandatory training is incomplete?

The employee should complete the required training as soon as possible. Managers and HR monitor completion and may delay onboarding completion until mandatory requirements are satisfied.

Q5. What should I do if I cannot access required systems?

Contact the IT Service Desk immediately and inform your Hiring Manager if access issues affect assigned work.

Q6. Is an onboarding buddy mandatory?

Yes. Each new employee should be assigned an onboarding buddy or mentor to assist with integration and knowledge sharing.

Q7. Where is the onboarding checklist maintained?

The official onboarding checklist is maintained within the Human Resources Information System (HRIS).

Q8. Who should I contact for payroll-related onboarding issues?

Human Resources should be contacted for payroll, banking information, and statutory documentation questions.

Q9. Can the probation period be extended?

Yes. Probation may be extended when additional evaluation is required and appropriate approvals have been obtained.

Q10. What marks the completion of onboarding?

Onboarding is complete when all required documentation, system access, training, departmental integration, and onboarding checklist activities have been successfully completed.
